

THANK YOU FOR YOUR PRAYERS

We want to send a big thank you to all who helped us by praying for the visa's and passports of the kids to be processed. They were complete 26 hours before our departure from Port Moresby. For us this was a big test of faith as we had to miss the chance to change our tickets while praying that the paperwork would indeed be processed in time. Compound the already slow process with a Public Motor Vehicle (PMV) strike the morning that we picked them up. The immigration office opened up at 10:15 am, even though it was supposed to be 9 am. It didn't matter though, God still was in control and we were able to get the necessary paperwork, although it took longer than we would have liked. Prayer Works!

BACK IN THE VILLAGE

Alus Gongip is continuing to co-ordinate and keep things running in the village. He has helped with some medical evacuations, brought back some timber from another village, and overseen the day to day operations in the village. He has called us a couple of times to let us know how things are going via satellite phone. We are in the process of getting our old computer to him so we can keep in touch via email.

Mariana Posatia is still working in the clinic. She has been doing her government paperwork to be registered as a CHW (Clinical Healthcare Worker) with the government. All government paperwork is long and arduous so we sympathize with here. Keep her in your prayers as she continues in her work.

PRAYER REQUESTS

Please pray that our vehicle will run smoothly, our trip(s) will go according to God's plan, and that we will know the Lord's will for us as things happen.

Pray for Alus Gongip as he keeps things operational in Samban.

Pray for Mariana Posatia as she ministers through health care to the Ap Ma people.

PRAYER REQUESTS & THANKSGIVING

Please keep the clinic and it's workers and patients in your prayers especially as it is just getting started.

Please keep the health and safety of the Pryor family in your prayers. We will be attempting to stay out here in the bush from late Nov when we got here until we are ready to leave in mid April.

Please pray for focus and clarity with all the small projects we need to get done before we leave.

Pray a pray of thanks for additional support that has been given for the Samban clinic.

KIDS REPORT

Naleh-It's been really good to be back and see my Grandpa's and Grandma's and my cousins. Chuck E. Cheese is as great as I remember. I got to go to school at a real 1st grade class in Tennessee. My 2nd cousin, Mrs. Jennie Scott, is the teacher of that class. I got to spend the whole day with her class and make some new friends. I do miss Samban though. I like not having to wear shoes all the time.

Elijah- I just want to let everyone know that when I come to your church, I like candy! You can give me some if you want to! I like my Grandpa's and Grandma's too, but not having to stay in the car for so long. We do have fun at the playgrounds at McDonald's. Maybe Dad can build me one back in Samban.

Judah- I don't remember any of this. It's fun though. Everyone seems to do whatever I grunt and point to do, but that is like it is in Samban. The only thing I can say about being in America is, I LIKE IT.

BEST NEW HOLIDAY TRADITION

Thank you to those who wrote with their favorite holiday traditions. Trista Hill of Centerville, IN wins with the best new holiday tradition. She and her family skip the big meal on Christmas day in exchange for a holiday on the barbie! She says it's a simple meal, less time in the kitchen and more time for enjoying the day with family, mom included!
